EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year of Passing
B.tech	Indian Institute of Technology, Jammu	8.70 (Current)	2028
12th Standard	Sarvottam Academy,CBSE	90%	2024
10th Standard	Sacred Heart Convent School,CBSE	95.6%	2022

PROJECTS

- Microservices E-Commerce Backend** 2026
Building a scalable e-commerce backend using microservices and event-driven architecture.
 - Tools & technologies:** Node.js, Express.js, Docker, Nginx, MySQL, Redis, RabbitMQ, JWT
 - Designing independent Authentication, Products, Orders, and Payments microservices for scalable deployment.
 - Implementing JWT-based authentication and authorization across services.
 - Building asynchronous communication workflows using RabbitMQ for order and payment processing.
 - Configuring Nginx as an API Gateway for request routing and load balancing.
 - Integrating Redis caching to improve response times and reduce database load.
 - Containerizing services with Docker and implementing distributed transaction handling.
- Car Rental Web Application** GitHub | Live-Demo 2025-2026
Full-stack car rental platform featuring secure booking, payments, and admin management.
 - Tools & technologies:** MongoDB, Express.js, ReactJS, Node.js, JWT, Razorpay, ImageKit
 - Implemented secure user authentication and authorization using JSON Web Tokens (JWT) for registration and login workflows.
 - Developed dynamic car listings with location-based search, rental date selection, and real-time availability management.
 - Designed and implemented the complete booking workflow, including reservation creation, booking history, and status tracking.
 - Integrated Razorpay payment gateway to enable secure online payments, payment verification, and transaction management for vehicle bookings.
 - Built an admin dashboard for managing car inventory, monitoring bookings, and tracking payment records.
 - Integrated ImageKit for optimized image storage, compression, and fast delivery of vehicle images across devices.
- Distributed URL Shortener with Analytics** GitHub 2026
Built a scalable URL shortening platform using distributed backend instances, Redis caching, and load balancing.
 - Tools & technologies:** Node.js, Express.js, MongoDB, Redis, React, Docker, Nginx
 - Designed a distributed architecture with multiple Node.js backend instances running in Docker containers behind an Nginx load balancer using round-robin traffic distribution.
 - Implemented URL shortening with deterministic URL mapping, ensuring identical long URLs always resolve to the same short code.
 - Integrated Redis as a cache-first layer to accelerate URL lookups and reduce database load, enabling low-latency redirections.
 - Developed a real-time analytics dashboard to track click counts, referrers, user agents, and URL creation history.
 - Built a responsive frontend using React and Vite, and containerized backend services for scalable deployment and horizontal scaling.
 - Optimized request handling through caching and load balancing, improving system throughput and fault tolerance under high traffic.

KEY COURSES TAKEN

- Data Structure,Algorithms,Numerical Methods,Calculus,Computer Architecture,Linear Algebra And Differential Equations

TECHNICAL SKILLS

- Programming Languages:** C/C++, Python, JavaScript, SQL
- Frontend Development:** ReactJS, HTML, CSS, Tailwind CSS
- Backend Development:** Node.js, Express.js, REST APIs, JWT Authentication, Razorpay Integration
- Databases & Caching:** MongoDB, MySQL, Redis
- DevOps & System Design:** Docker, Nginx, Load Balancing, Caching, Horizontal Scaling, Distributed Systems, Microservices
- Tools & Platforms:** Git, GitHub, VS Code, Postman, Vercel, ImageKit

ACHIEVEMENTS

• Web Developement Winner	Nexus, IIT Jammu	2025
• Winner of CP spark	Coding Club, IIT Jammu	2025
• Convoquer Gold Medalist	Weightlifting, IIT Jammu	2024
• Second Runner-Up AI-ML Hackathon	Nexus, IIT Jammu	2026
• 500+ questions solved	on coding platforms.	2026

POSITIONS OF RESPONSIBILITY

• Event Management Head	RE4M Club, IIT Jammu	July 2025 - June 2026
• Sponsorship and Outreach Co-head	Coding Club, IIT Jammu	July 2025 - June 2026
• Design Team Head	Anisoul Club, IIT Jammu	July 2025 - June 2026
• Outreach Head	E-cell,IIT Jammu	July 2025 - June 2026
